

# Ion Detoxification Foot Spa Disclaimer/Consent Form

Ion Detox Foot Spa does not claim to cure or treat any disease or injury. It assists your body to rebalance it's bio-energy field, and stimulates the body for self-detoxification. The body's organs will naturally function better when the electro-magnetic fields are charged. This is not for any therapeutic, medicinal, diagnosis or does not prevent disease purpose. All the statements here were not evaluated by FDA and have not been verified by of official clinical trial.

**The Ion Detox Foot Spa should not be used by individuals who:**

- Have battery operated implants (pace makers etc.)
- Use blood thinners
- Suffer serious disease or are very weak
- Have received an organ transplant
- Pregnant or nursing women
- Under 8 years old

The Ion Detox Foot Spa Treatments are suggested to be used every other day in 14 continuous treatments. Then stop for 3 weeks before starting the treatment cycle again.

**The Ion Detox Foot Spa would benefit individuals who:**

- Use high quantities of tobacco or alcohol
- Have low immunity
- Have high stress
- Use excessive oils for cooking
- Have diabetes, hypertension, high blood sugar, rheumatism, or arthritis.

**Benefits include:**

- Decreased joint stiffness
- Relieves muscle spasms
- Increased blood flow
- Pain relief
- Affects soft tissue injury
- Increases the extensibility of collagen tissue
- Has been shown to aid in the process of weight loss, promote the growth of new hair, improve the immune system and overall health.

Ion Detox Foot Spa follows the holistic healing principle. It does not only treat a symptom, it enhances the whole body's functions. The treatment of the symptom comes along naturally.

\*People with low blood sugar should eat before use.

I have read and understand the above information.
